Executive Assistant to DCI

26 October 1951

Director of Training

Weekly Summary Report

1. The Office of Scientific Intelligence, at the suggestion of this Office, has prepared a short orientation course for senior Agency personnel which will consist of four fifty-minute presentations followed by a thirty-minute discussion period on the following subjects:

- a. Scientific Research and Development as an Element of National Power.
- b. The Scientific Potential of the USSR.
- c. Scientific Intelligence in the Federal Intelligence System.
- d. Scientific Intelligence Requirements.

This Office has requested the Training Liaison Officers throughout the Agency to determine the number of personnel in each Office who will attend this course.

Executive Assistant to DCI

29 October 1951

Director of Training

Weekly Summary Report (Addendum to report dated 26 October 1951)

5. The Director of the Strategic Intelligence School (D/SIS), Department of the Army, has requested this Office to review the problem of briefing outgoing attaches. The problem is to eliminate any duplication which may now exist between the CIA briefing of outgoing attaches and the lectures currently being given to them by CIA at the Strategic Intelligence School. D/SIS advised that this problem is being referred to a Department of the Army committee for consideration and recommendation. In the interim, this Office is obtaining the views of the interested Offices of the Agency on the problem.
